WHAT IS THE UNI SPECTRUM PROJECT...

The Spectrum Project is a Saturday program that combines music, movement, drama and art for children with differing abilities. Activities use the performer's ideas with direction from UNI students.

The Spectrum Project performers come from the Cedar Valley and as far away as North Liberty. They range in age from 5 to 20 and meet each Saturday beginning in January.

The Spectrum Project Buddies are UNI, Allen College and Hawkeye Community College students who volunteer each weekend to work with our performers. Each performer is paired with a Spectrum Project Buddy for the duration of the project.

The Spectrum Project is a continuation of efforts to provide performing arts experience for children with differing abilities in the Cedar Valley. This effort began with Spectrum Theatre, founded by UNI Theatre Professor Gretta Berghammer in 2012. The Spectrum Project is modeled after the Ball State *Prism Project*, founded by Ryan and Amy Hourigan in 2009 at Ball State University in Muncie, Indiana.

The Spectrum Project has supported through the UNI School of Music, the Max & Helen Guernsey Charitable Foundation, Mudd Advertising and community supporters.

Starting today, ***Heart Full of Stars*** is available on iTunes and Spotify

Check out ALL her music. It's AWESOME!

Heart Full of Stars

I'm a trav'ler, got all that I need
And there's a special power that's inside of me
It's no secret, not hard to find
It's real and true and as big as it is kind

Ran out to the coldest night and
Waved up at the pale moonlight
Watched my brothers twinklin' from afar

Oh I've got a heart full of stars
You know I've, got a heart full of stars

I fight monsters, much taller than me
And when I win, I dance in my victory
I'm the real deal, 'cause even when I lose
I dust right off and stand taller in my shoes

I rose UP above the tallest trees
Way up up to the galaxies
I watched my friends all waving from afar

Oh I've got a heart full of stars
You know I've got a heart full of stars

I'm a trav'ler, got all that I need
And there's a special power that's inside of me
You may not see it, and friend that's okay
But it keeps getting brighter oh every day

Oh I've got a heart full of stars
You know I've, got a heart full of stars
